NOT HELD FOR GRAND LARCENY

Notorious duo Arthur Berman and Terry Newman Charged With Crime in This Valley, Gain Freedom

After spending twenty-one days in the county jail facing the charge of grand larceny, Arthur Berman and Theodore Newman, two suspected pick pockets, were turned loose here Monday. The men were alleged to have been implicated in picking the pockets of Geo. Fetters, the well known resort proprietor, who swore to a warrant and had them brought back to face the charge, which lead to their being held by Judge Small under $2000 bonds. The bond was originally $1000, but when the Judge found out the many aliases that they went under and the criminal record of the duo from New Zealand to this coast he raised the amount. The men were located in San Francisco.

After the trouble in which Fetters lost $160, he communicated with Detective Dolan, advising him that one of the men who went through him was Newman or Nelson. The detectives located Nelson and his partner. Constable Murray made the arrest.

The District Attorney's office of this county sought to have the Grand Jury indict the pair last week, but no indictment was returned

When the case came up here before Judge Lester Small for a preliminary hearing Tuesday Mrs. Fetters and the complaining witness refused to prosecute and Assistant District Attorney Hoyle asked for a dismissal. Judge Small says he had no other recourse than to dismiss the charge.

As the pick pocket incident occurred after nightfall, Fetters contended that he was not sure that his identification of the assailants was correct.

Sheriff Jack Smith and Court Reporter Whitton of Santa Rosa, accompanied Assistant District Attorney Hoyle down for the hearing. The mother and sister of one of the accused men were also on hand for the proceedings.

The boys are crack shots and should bring home the "bacon," likewise the hams.

SONOMA MOTORISTS TOUR STATE

Many Parties Return from Fine Outings in Their Cars. Report Splendid Trips Without Mishap

Sonoma Valley has been well represented during the past month along the highways of the State and many parties returned this week and reported splendid trips without a single mishap on journeys ranging from 1,500 to 2,000 miles in length and extending from Truckee to Tia Juana.

THE BATES PARTY

The Henry F. Bates family, who left here two weeks ago in their Buick, with the genial Henry at the wheel, returned Saturday. They made a leisurely trip via Colusa to Truckee and Lake Tahoe, camping out en route. At Lake Tahoe they hired a boat and went fishing, Henry landing several rainbow beauties weighing about a pound and a half each The fish were cooked in true camp fashion and proved fine eating, although the Bates had the best of everything all along the line and sharpened their appetites with a spin of several miles every morning just at daybreak, which was the ideal hour for travel After leaving McKinney's they made the run to Reno, where they were the guests of Mr. and Mrs. Press Smith for a couple of days, taking in the horse races, which were largely attended. Coming home they stopped on the other side of the lake at Tallac and took the road from there via Mono lake into the Yosemite, which part of the trip was magnificent. The roads of the valley, while narrow, are the finest kind of highway, and although it takes careful driving Henry did the trick and proved a good pilot. The party came out by way of Wawona, where they stopped, and then proceeded home via Merced. The entire distance covered was 1,100 miles.

FROMENTS GO TO TIA JUANA

A. Froment, the genial merchant, accompanied by his family and with Roy Gottenburg at the wheel, went down the coast as far south as Tia Juana, stopping at Santa Barbara and all the points of interest en route. They attended the exposition at San Diego, visited all the surrounding towns and enjoyed the experience of crossing the line into Mexico. Mr. Froment highly complimented the roads in the southern section of the State. Part of the time the party camped out, making fine camp fires along the way, and at other points they stopped at inns and hotels. Monterey's famous seventeen mile drive and the beaches, such as Venice and Long Beach, were included in their itinerary.

OTHER MOTORISTS

The Dr. W. G. Dawson party, from Eldridge, have just returned home from a trip to the San Diego exposition. Miss Dawson was at the wheel.

Dr. Harvey and his mother made a trip in their car to Oregon, which proved to be a fine trip

The Ralph Hotz family left Thursday morning for San Francisco in their Hudson car and were joined in San Francisco by Mrs. G. H. Hotz The party then continued on their journey to Monterey and Pacific Grove, where they will spend some time.

Mrs. Yenni and Miss Delia Manori, with Pete Yenni at the wheel, are touring the Russian river country and enjoying the outing immensely.

E. ROCHAT PASSES TO GREAT BEYOND

E. Rochat, father of Fuller and Ernest Rochat, and owner of the handsome country residence here which was the former W. S. Miller place, passed to the great Beyond last Saturday in San Francisco, following an operation for appendicitis.

A divorce has been granted Mrs. Kinsella in the courts of this county. She charged her husband, Jack Kinsella, with cruelty.

SCHOOL CLAIMS TO BE SETTLED

Adjustment of Long Pending Claims Seems Likely and Money Will be Paid Without Suit Against Bonding Concern

The filing of a suit in Santa Rosa last Friday by the Allen Construction Company against R H. Ingraham et al. for $3,000 alleged to be due for materials furnished for the construction of the Sonoma grammar school has precipitated what seems to be a likely adjustment of the long drawn out controversy over $15,000 worth of claims which have been held up by the refusal of the Massachusetts Bonding Company's representative to pay, although the concern was on the bond of Contractor Ingraham, who went behind on the job.

There is exactly $12,000 in the hands of the District Attorney's office to pay the claims, and if the bonding concern succeeds in getting all claimants to settle on an 85 per cent basis, it is quite likely that it will satisfy the creditors rather than stand suit. It is understood that all the claimants here signed up except Con O'Leary, who was away and whose signature could not be procured until his return. It is rumored that it has since been secured and the amount due him assigned to L. Quartaroli.

The release of this money will be a boon to the community, as most of the claimants are local people who have had the patience of Job during the provoking tangle over getting their money, honestly earned and well deserved, as the fine school building attests.

JACK LONDONS BACK AT GLEN ELLEN

The Jack Londons, who arrived this week on the Matsonia from Honolulu, are back at their Glen Ellen ranch They arrived Wednesday night and will remain here about two months. Mr. London is up at Bohemian Grove for the jinks and the clever play, "Gold," written by Fred Myrtle.

BARN BURNS AT AGUA CALIENTE

The large barn of Agua Caliente Springs burned to the ground Thursday afternoon. The fire started on the roof of the structure, which with the dry and inflammable contents of hay and grain were quickly reduced to ashes. The loss will be more than $2,000.

Mr. and Mrs. Richards lost their fine hotel through fire last season, but have built a new elegant one which will soon be ready for occupancy.

Miss Kate McDonell, our librarian, has returned from the delightful session of County Librarians, held at the Casa del Rey in Santa Cruz. The sessions were very interesting, particularly one devoted to libraries receiving $5,000 or less yearly appropriation. The people of Santa Cruz were royal hosts.

Another effort is being made to save the grand old trees of Armstrong Grove. Robert A. Poppe headed a subscription list for the purpose many months ago and made a plea for this beautiful forest.

A jolly time, good music and refreshments will be the order of the evening tonight at the Oaks, where Mrs. Farrell will give a grand ball. All are invited to participate.

The congregation of the M. E. church will hold their regular Sunday services tomorrow morning, Aug. 6, when Rev. H. W. Waltz, who has returned from his vacation at Lemoore, where his son is in the newspaper business, will be welcomed home.

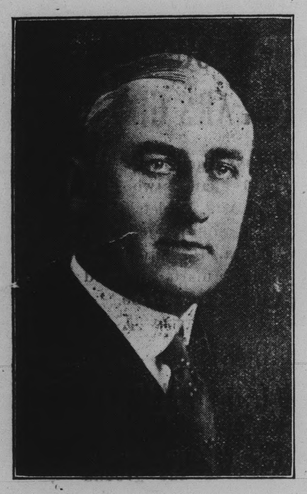
Booth For the United States Senate



WILLIS H. BOOTH, a successful business man, is the choice of the Republicans of the State of California for the United States Senate and was unanimously endorsed in a resolution adopted at a conference of several hundred Republicans who met in San Francisco last Saturday. The endorsement of Mr. Booth is a fitting tribute to an efficient man and a high grade citizen. He is a thorough going Republican and his election will frustrate the plot of Governor Johnson to grab the United States Senatorship and make his freak legislation the laughing stock of Washington, while confusing every issue which should have the unqualified backing of a dependable Republican.

Northern California is represented by Senator Phelan, whose term has not expired, and the vacancy to be filled by Mr. Booth is due to the expiration of the term of Senator Works of Southern California. It is the duty of every Republican to get behind Mr. Booth and every voter can add to the handsome majority the choice of the conference is assured of receiving by working for him from now until the election.

Recent elections have shown that the rank and file of the Republican party have roundly repudiated the effort of Hiram Johnson to wreck the G. O. P., and his attempt to interject himself into the U. S. Senatorship fight now will meet with the defeat which it merits.

Vote for Willis H. Booth for United States Senator.

Jail Birds Should Be Caged

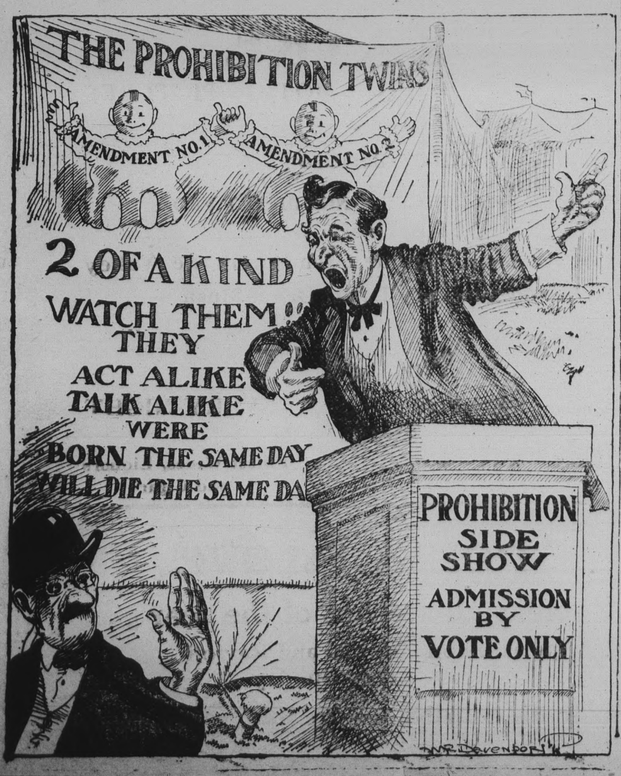
IT IS a bad precedent to allow two notorious crooks to slip through the net of the law. With our increased summer population we should let the criminal world know that we will not tolerate any part of it to ply their despicable craft in our midst, and that our summer guests and all the year round dwellers here are safe from such occurences as pocket picking, hold ups and similar illegitimate business. Men with criminal records a half a column long who came to Sonoma Valley and were connected up with an alleged felony should have been held as a warning to all crooks that the lid is on tight in Sonoma. Leniency for jail birds should be taboo ed, and when they try their wings to see how far they can fly in the face of the law they should be accommodated with a nice steel cage. The Grand Jury had a chance in this instance to distinguish itself.

This idea of trying out the crook's game here and watching the outcome of it is apparent and our laws must be more rigidly upheld and enforced, or this valleywill be singled out as an easy field and be overrun by the light-fingered gentry and their ilk.

The Voter's Song

Oh, promise me that you'll give us good roads
That you'll not spend our money by the loads
That you will make our taxes down to nil,
And get a job that's soft and nice for Bill;
That you will buy supplies right here at home,
Nor let a contract ever from us roam.
Don't punish any one I like in biz;
If I don't like him, why, then let him sizz.
Oh, promise me! Oh, promise me!

TWO OF A KIND



TO HONOR MEMORY OF FATHER LEAHY

On next Tuesday morning at 9:30 at St. Vincent's church at Petaluma there will be celebrated a solemn anniversary mass for the repose of the soul of the late Rev. Father J. Leahey of St. Vincent's, that day marking the first anniversary of the death of the beloved priest.

Many pastors who were close friends of the late Father Leahey are expected on that occasion and many invitations will be extended to the members of the Catholic clergy of this part of the State.

Following the conclusion of the mass the great granite cross which is now being installed to mark the last resting place of the former pastor of St. Vincent's will be blessed and the ceremony will be attended by all of the visitors.

MOOSE PICNIC LAST SUNDAY

The Moose Social Club picnic, which is an annual event, took place last Sunday at Oak Grove and every one who attended had a good time. The grounds looked gala with decorations and booths where popular Moose spieled for various "good sellers". Messrs Thos. Lewis and Chas. Bain were gate keepers. Fred Hansen, Jas. Modini and Fred Hovey presided over the wheel of fortune; L. E. Darling and Geo. Stickle peddled cones and card board, in fact all the Moose boys made themselves useful as well as ornamental It was a big day and the dancing was no small feature of the celebration.

EVENTS SHAPE WATER PROBLEM

Following close on the heels of the announcement in these columns last week that oceans of water had been discovered on hand at the Sonoma Water, Light and Power Company's high pressure storage reservoir, came an S O. S. call from the company to the Superior court of this county for a citation directing Mrs. Katie Carriger and the Misses Nellie and May O'Brien to show cause why they should not obey the restraining order made by Judge Sewell some time ago forbidding them from diverting water from the company's reservoir

It has been about three weeks since City Trustee Bulotti, of the Fire and Water Committee visited the source of Sonoma's partial fire protection and found the quantities of water of which he told at the last meeting of the City Fathers. Since then the supply has been depleted. Superintendent Weatherhead stating that about 60.000 gallons daily from Lennox Creek was being turned into a dam constructed by the O'Brien sisters.

This is not the first time that the hopes of advocates of this source of supply that it was available for ample fire protection, have been shattered.

Trustee Bulotti now avers that it is too uncertain a proposition and unless a bond guaranteeing so much water in the reservoir at all times, and available at all seasons, was put up, he could not consistently recommend it. It looked good to him several weeks ago, but in the present exigency there is ample justification to doubt the service which the company would guarantee.

The action against the O'Brien sisters also goes to show that the source is not the spring but is the Lennox and Fowler creeks which feed the reservoir and this water is empounded therein to furnish the company's high pressure service of 10 or 12 hydrants to Sonoma for which the city pays $1 each. Most of the domestic service comes from the wells here in the city limits.

So the Board of Underwriters' question as to why the Lewis system is not in more general use for fire protection is answered and the appeal made by the Index to give Sonoma this water if the company had the goods to deliver and thus keep our insurance rates down, is for naught as almost instantaneous with the challenge to turn some of the oceans of water into the fire hydrants, the sea dried up, the bubble burst and we are once again confronted with the only feasible proposition before the people, that of municipally acquiring the Vallejo system, which can be developed into a most practical and dependible supply, both domestic and protective.

The purity of the water is unquestioned, the amount is guaranteed by eminent engineers, the fire protection it will afford is satisfactory to the Underwriters. Price is the only consideration which makes its acquirement difficult. If this can be figured out Sonoma should quit arguing and agitating and get to work on it as it is the only feasible proposition. It must have been thoroughly apparent to the trustees who urged the Vallejo heirs to improve and and build a high pressure reservoir, which has never been completed, that this was Sonoma's logical source of water supply and no doubt the conditions at the Sonoma Light, Water & Power Co's plant were then taken into consideration.

As a help and in a lucky emergency Lewis water has proven invaluable, but as Trustee Bulotti says, "It does not inspire confidence and its availability for the protection necessary to satisfy the Underwriters is open to question."

The O'Brien sisters have been cited to appear on Monday and show cause why they should not be punished for contempt of court for not obeying the original restraining orders forbidding them from diverting the waters from the plaintiff's reservoir.

The O'Brien ranch adjoins the property of the plaintiff and the Lennox creek has its source on their land.

The railroad Commission has set a hearing for August 19th at 10 a. m. at the City Hall here for the application of the Sonoma Water Light & Power Company to mortgage the property. For what purpose it is unknown.

SOUND WARNING TO VOTERS

Grape Growers Point Out Danger of Both Amendments to State of California's Great Viticultural Industry

At a spirited meeting last Friday night the people of Sonoma Valley were warned of the danger of both amendments one and two to the great viticultural interests of the State should prohibition carry in November. The meeting was called by the Grape Growers Association and was addressed by C. E. Humbert, Assemblyman Bismarck Bruck of Calistoga, Bob Madison, C. Haehl, Sheridan Peterson, County Viticultural Commissioner, Carl Dresel and others.

A plan for a vigorous campaign of defense was outlined, in which the growers will be called upon to assist according to the extent of their acreage.

Amendment number two, which is thought by some to be aimed at the saloon alone, would wipe out the wine business, as it prohibits the sale of our vintage at all public places.

The great injustice of confiscation without compensation was dwelt upon by the speakers, who showed that both the amendments were vicious in the extreme and should be voted down by every just man and woman.

A communication was received from the State and County Board of Health relative to the sewer farm. The communication advised certain improvements with the threat to abate the nuisance or stand suit. It appears that complaint has been filed by people living in the vicinity, that water coming from the sewage is not properly taken care of. This being in violation of the law trouble is easily started on that score, although experts claim that there is nothing impure about the seepage, which is clear and chemically alright. The city trustees requested the clerk to write the health boards that an effort would be made to better the situation and that the water present is in a large measure due to living springs in the vicinity of the sewer farm.

An offer of $4 for a tree, cut down in the plaza, was accepted. City Clerk Gottenberg suggested that the wood be given to the library.

On motion of Trustee Bose a request to transfer a liquor license was laid over until a full board was present.

It was unofficially announced that Contractor Sundburg had lost over $200 on the street contract.

The clerk was instructed to advertise for bids for city printing in the Index Tribune. At the present time there is no city official paper, but with the awarding of the contract at the next meeting to do the publishing, an official paper will again be designated.

Verdant Degree Rebekah Lodge installed their officers for the ensuing year, at a fine big meeting last week at which Mrs. Eva Peck of Healdsburg, Grand District Deputy and Mrs. Addie Byrn, District Marshal, were installing officers. ROAD EXPERT PLAN COMMENDED

The plank in the platform of John M. Picetti, candidate for Supervisor in this district, which advocates the appointment of a road expert instead of doing the work as it is now done with road masters, is meeting with much favorable comment in every part of the district. Advocates of this plan point out that politics will play no part under the new plan, and that efficiency will take the place of pull.

Mr. Picetti states that he has taken the matter up with the District Attorney's office and finds that there is no legal obstacle to putting our roads in the hands of a competent expert. He feels certain that the taxpayers will have something of a permanent nature to show for their money when expended according to his plan. He figures on a permanent lateral to connect with the State highway, in the building of which the Supervisor of the Third district would be asked to co-operate in order that we get the desired link through to Santa Rosa and thus complete one unit of good road. Besides this there will be sufficient money to take care of every other part of the district and keep it up in good shape.

The selection of the road expert under whom all work would be done would not do away with the necessity of hiring local men and teams who would be given every opportunity to hold down jobs on our roads as long as they made good and their work was up to the standard. The expert would do all the hiring and firing and he would be held responsible for results.

During 1913-14 there was expended in Glen Ellen road district $2,643.29; in Agua Caliente road district, $4,116.71; in San Luis road district, $5,588.47; in Penn Grove road district, $8,948.44; in Lakeville road district, $6,267.71. About $121,000 has been expended so far during 1915-16.

Mr. Picetti will hold a meeting at Union Hall some time in the near future and go into the road expert matter thoroughly, giving facts and figures on which he bases his argument for the innovation.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and upbuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief.

Miss Fannie Ferndale, president of the Five O'clock Tea Club, will spend her vacation picking hops at Wingo.

Bill Block, "Our Willie," is at present enjoying his annual deer hunt. Be careful, Willie, and do not injure the "dear little fawns."

George Cassidy of the Box Car Improvement Club and Jim Small held a consultation the other day. I wonder if Vineburg wants to incorporate.

The political "mulligan" is boiling nicely in this vicinity, and the main event seems to center on who will be next Supervisor. Already some of our popular young men have aspirations for the position of road master. But Minnie Madden informs us that if a certain candidate is elected he will appoint a lady road master. Good thing; then the roads will be "fine as silk."

Mr. Jesse Godley, general manager of the Sperry Flour Co. and one of the most prominent mill men on the Pacific Coast, transacted business at Battos Spur on Wednesday last.

Mrs. August Figone and children returned to their city home, after a pleasant vacation at the residence of Mr. and Mrs. John Batto, on Monday last.

Fruit drying season opened at the pioneer plant of John Batto and sons Wednesday, August 2d, and about twenty-five persons are now engaged in cutting fruit.

O. E. Sohl, one of our leading poultry men, has as a guest his brother, Mr. Sohl of Seattle, a prominent business man of that city, whom he has not met for fourteen years.

Emil J. McCurdy, of the California Baking Co. of San Francisco and a gentleman well known in Sonoma Valley, on Sunday last visited Vineburg in a swell car, accompanied by the following gentlemen: Elmer Baker, Arthur Dempsey, Fred Peterson and Walter Selimediske.

Miss Helen Forni, one of the fair young graduates of the Huichica grammar school, departed for Petaluma on Monday last, where she will take a commercial course.

Vineburg received its share of the visitors to fair Sonoma Valley on Sunday last, and Mine Host Louis Martin of Vineburg Inn and his able assistant, John Pluith, were busy men catering to their many patrons during the day.

The Gundlach Bundschu Wine Co. shipped a carload of choice wine to the Crescent City, New Orleans, on Monday last.

GLEN ELLEN CLUBDOM

The social meeting of the club was held last Friday with twenty-three members present and a few visitors.

Mrs. Carrie Burlingame, of Sonoma, President of the Council of Woman's Clubs, was present and told the Club the latest news about the County Free Library She said the Supervisors were getting quite a number of protests about the extra tax for the library. So they thought best to let people vote on the question. The committee who has the work in charge, asked the Supervisors to wait a year so the people could be educated and made familiar with the subject of the advantage of the County Free Library.

The president, Mrs. Shepard, called the attention of the club to the meeting of the Rail Road Commission the 8th of August to be held in Santa Rosa. She appointed the chairman of the Civic Committee, Mrs. Walter Gaige and herself to go to the meeting and see what can be done about the crossing in Glen Ellen. She also urged the other members to attend.

Mrs. A. E. Gaige read a very interesting article, "Help For the Farmers" by Carl Vrooman, Assistant Secretary of Agriculture, in which Mr. Vrooman tells what the department is doing to benefit rural population—teaching how to make the farm pay.

Mrs. Cromwell on account of illness was unable to give the club lesson in parliamentry laws. Mrs. Bailey and her pupils in dancing were also unable to be present.

The next meeeing will be a business meeting and will be held Aug. 11. Members should make an effort to attend.

Ice cream and cake were served by the committee on refreshments.
